What is Child CARE?

Child CARE is a four-session (plus optional call-back) interactive training program designed to support:

- Wellbeing
- Growth and development
- Optimal behaviour
- Recovery from adversity

Among children in early-learning and long day-care.

Child CARE offers a framework for understanding why children behave the way they do and how to establish a therapeutic care environment that supports growth and addresses factors that give rise to common behaviours of concern.

CARE stands for:

- **Consistency**
- **Accessibility**
- **Responsiveness**
- **Emotional-Connectedness**

Children need CARE

What does the Child CARE program offer?

The Child CARE program facilitates the development of a tailored **therapeutic CARE Plan** for your setting and for individual children

What is involved?
